No worries.

Appendix C - EMBM is being reviewed by all Partner Agencies, due date 4/30, conference call with Partner Agencies to discuss comments on 5/1 at 9:30-11am.

Appendix F - Engineering Evals, review by EPA only first, due date 5/4. This one I could extend by a week if it would help. Or you could skip this review altogether and review the Partner Agency version instead.

Appendix E - PRGs, review by EPA only first, due date 5/14. You could skip this review too and review the Partner Agency version instead.

Can you remind me of the upcoming deadlines for comments? Isn't there one that's due soon? Sorry.

Subject: FFS Appendix E: PRGs

Attached is a draft of FFS Appendix E, Development of PRGs, for internal EPA review. This is a supporting document to the main text of the FFS - it is meant to have more technical detail on a particular topic (in this case PRGs) than the main text, for those readers who want to delve into it. Please let me know if you have any comments by COB on May 14.

P.S. After our comments are addressed, the next draft of this appendix will go to the Partner Agencies for review.
